

Index

1964-1966

Page numbers of symposium and clinic titles are given in **boldface type**.

- ABNORMAL** swallowing, 1964: July, 488, 531, 533, 535-539
- Abscess**, periapical, 1965: November, 577
- pericoronal, 1965: November, 578
- periodontal, 1965: November, 577
- ABUTMENT(s)**, inlays as, in bridges for adolescents, 1966: March, 152
- molar, titled, 1965: March, 25-32
- preparation, for anterior three-quarter crown, 1965: March, 43-56
- root, electrosurgical exposure, 1966: March, 74
- teeth, electrosurgical elongation of crowns, 1966: March, 65
- for fixed partial denture, biophysical factors, 1965: March, 67
- selection of, 1965: March, 123; July, 461-465
- Accountant**, public, effective use of, 1965: July, 323
- Accounting**, responsibility of auxiliaries in, 1966: Nov., 647-656
- Acetaminophen**, 1964: July, 293
- Acetophenetidin**, effects and toxicity, 1965: November, 735
- Acetylsalicylic acid**. See *Aspirin*.
- Achondroplasia**, effect on mandibular growth, 1966: Nov., 595
- Achromycin**. See *Tetracycline*.
- Acid penetration**, of restorations, effects of varnishes, 1965: March, 161-164
- Acidosis**, diabetic, symptoms and treatment of, 1965: Nov., 712
- Acidulated phosphate-fluoride**. See *Phosphate-fluoride*.
- Acromegaly**, mandibular enlargement in, 1966: Nov., 599
- Acrylic appliances**, laboratory procedures for, 1966: July, 371-373
- Acrylic band tray technique**, for impressions in crown and bridge prosthesis, 1965: March, 35-37
- Acrylic resins**, in denture construction, 1965: March, 251-262
- Acrylic resins**, in restoration of anterior teeth in children, 1966: July, 365-369
- Acrylic restorations**, biophysical effects, 1965: March, 144
- Acrylic veneer crowns**. See *Crown(s)*.
- Adams clasps**, 1964: July, 421
- Adaptation**, to occlusal disharmonies, 1966: Nov., 630
- Adaptation syndrome**, general, 1966: March, 12
- Addison's disease**, emergency treatment of, 1965: Nov., 712
- Adenameloblastoma**, in children, 1966: July, 430
- Adenoblastoma**, 1964: July, 307
- Adenoids**, visualization of, by roentgen-cephalometry, 1966: March, 215
- Adjustable pivots**, in restoring verticocentric relations, 1964: Nov., 645-649
- Administrative assistant**, value in dental office, 1966: Nov., 649
- Adolescent**, crown and bridge for, 1966: March, 149-160
- psychologic aspects of treatment, 1966: July, 449-461
- Adolescent clinics**, development of, 1966: July, 451-453
- Adrenal insufficiency**, effects on dental treatment, 1965: Nov., 549
- symptoms and treatment of, 1965: Nov., 712
- Adrenalin**. See *Epinephrine*.
- Adrenosem**, 1964: July, 295
- use in hemorrhage, 1965: Nov., 672
- Agar hydrocolloids**, advantages of, 1965: March, 214
- Aging**, physiologic changes, 1964: Nov., 761, 766-770; 1965: March, 136-138
- Air firing versus firing**, in porcelain fused to metal restorations, 1965: March, 247

- Airway, emergency, establishment of, 1965: Nov., 613-622
 maintenance of, in maxillofacial injuries, 1965: Nov., 652-658
- Alarm reaction, in general adaptation syndrome, 1966: March, 12
- Albamycin. See *Tetracycline*.
- Alginate hydrocolloids, advantages of, 1965: March, 215
- Allergic reactions, to commonly used drugs, 1965: Nov., 755-768
 to local anesthetics, 1965: Nov., 593, 597
 significance in oral surgery patient, 1964: July, 353
- Alloys, in porcelain fused to metal restorations, physical properties, 1965: March, 244
- Alphaprodine, 1965: Nov., 733
- Alveolar process, fractures, during operative procedures, 1965: Nov., 638
 resorption in occlusal traumatism, 1966: March, 82
- Alveoli, pulmonary, as factor in respiratory obstruction, 1965: Nov., 603
- Amalgam, 1965: March, 185-197
 condensers, modifications of, 1966: July, 353
 in restorations of primary molars, 1966: July, 350
 restorations, biophysical effects, 1965: March, 139
 efficient techniques in, 1965: July, 345-347
 splint, 1964: March, 213-219
- Amelogenesis imperfecta, hereditary, 1966: July, 437-447
 diagnosis, 1966: July, 437
 treatment, 1966: July, 442-447
- Aminopyrine, 1965: Nov., 735
- Anacin, 1964: July, 292
- Analgesics, 151; July, 422, 1964: July, 292, 404
- Anaphylactoid reactions, to antibiotics, 1964: July, 290
- Anaphylaxis, 1965: Nov., 759-761
- Anatomic considerations pertinent to general practice oral surgery, 1964: July, 383-396
- Anesthesia, endotracheal, 1966: July, 271-274
 general, emergencies in, 1965: Nov., 601-612
 in hospital pedodontic practice, 1966: July, 266-279
 in pregnant patient, 1965: Nov., 631-633
 local complications from, 1965: Nov., 591-599
- Anesthesia, pedodontic, physical preparation for, 1966: July, 319-324
 psychologic preparation for, 1966: July, 317-319
 postinjection instructions, 1966: July, 323
- Anesthetics, general, effects and toxicity, 1965: Nov., 741
 local, 1965: Nov., 742
 in gingivectomy, 1964: March, 42
 injection of, 1965: November, 594-596
 selection of, 1966: July, 313
 topical, pre-injection use of, 1966: July, 312
- Anesthetic gases, transplacental effects of, 1965: Nov., 627
- Aneurysmal bone cyst, in children, 1966: July, 428
- Angina pectoris, effects on dental treatment, 1965: Nov., 551
 emergency treatment of, 1965: Nov., 714
- Angioneurotic edema, 1965: Nov., 583
- Anileridine, clinical effects and toxic reactions, 1965: Nov., 733
- Aniline derivatives, clinical effects and toxic reactions, 1965: Nov., 735
- Ankylosed tooth, 1964: July, 493-508
- Ankylosis, of temporomandibular joints, radiographic appearance of, 1966: Nov., 573
 treatment of, 1966: Nov., 604
- Antacids, effects and toxicity, 1965: Nov., 750
- Anterior proximal restorations, gold foil in, 1965: March, 206-208
- Anterior teeth, permanent, emergency treatment of injuries to, 1965: Nov., 703-710
- Antibiotics, 1964: July, 288-292, 405; 1965: Nov., 744-747
- Anticoagulants, in dental surgery, 1965: Nov., 677
 influence on dental treatment, 1965: Nov., 731
- Anticonvulsants, effects and toxicity, 1965: Nov., 748
- Antihistaminic drugs, 1965: Nov., 740
- Anti-inflammatory agents, 1964: July, 293-295
- Antiseptic(s), effects and toxicity, 1965: Nov., 751
- Antrum, root tips in, removal of, 1965: Nov., 688
- Anxiety, and pain, 1966: Nov., 611
- Aphthae. See also *Ulcers*.
- Bednar's, in newborn, 1966: July, 423
- Apical periodontal cyst, 1964: July, 300

- Apnea, as general anesthetic emergency, 1965: Nov., 605-607
- Appliances, space-opening and space-closing, 1964: July, 415-429, 528
- Application form, for employment in dental office, 1966: Nov., 679
- Appointment book, keeping of, 1966: Nov., 722
- Appointment control, for adolescent patient, 1966: July, 456
for blind children, 1966: March, 30
for deaf children, 1966: March, 25
in periodontics, 1964: March, 256
- Aptitude tests, for prospective employees, 1966: Nov., 684
- Arch, dental, size analysis and tooth size prediction, 1964: July, 431-440
spacing and crowding in, 1964: July, 482-485
lingual. See *Lingual arch appliance*.
- Arrhythmia(s), cardiac, as general anesthetic emergency, 1965: Nov., 610
sinus, diagnosis of, 1965: Nov., 772
- Arterial bleeding, major, emergency management of, 1965: Nov., 791
- Arterial spasm, as general anesthetic emergency, 1965: Nov., 611
- Arthritis, of temporomandibular joint, 1966: Nov., 621-626
treatment of, 1966: Nov., 604
rheumatoid, of temporomandibular joint, 1966: Nov., 621-624
significance in oral surgery patient, 1964: July, 353
- Arthrosis, of temporomandibular joint, treatment of, 1966: Nov., 604
- Articulators, in complete denture construction, criteria for selection, 1964: Nov., 629-637
- Aspirating syringe, use of, 1966: July, 310
- Aspiration biopsy, 1963: March, 46
of foreign bodies, as operative emergency, 1965: Nov., 648
- Aspirin, 1964: July, 292
allergic reactions to, 1965: Nov., 755
effects on coagulation, 1965: Nov., 667
- Assistant, dental. See also *Auxiliary personnel*.
as detective, 1966: Nov., 639-646
compared to Licensed Practical Nurse, 1966: Nov., 707
education of, 1966: Nov., 657-666, 690, 714, 734-736
effective use of, 1965: July, 325-328
methods of employing, 1966: Nov., 678
- Assistant, dental, role in establishing credit of new patient, 1966: Nov., 640-646
training of, 1965: July, 325
- Asthma, emergency treatment of, 1965: Nov., 716
- Asthmatic attacks, following local anesthetics, 1965: Nov., 594, 598
- Ataraxics, 1964: July, 286-288
- Atrial fibrillation, diagnosis of, 1965: Nov., 772
- Atrophic sensitive mucosa, 1964: Nov., 565, 567
- Attending staff, 1964: July, 366
- Attorney-dentist privilege, 1965: Nov., 818
- Audiovisual aids, in pedodontic practice, 1966: July, 502
in preventive dentistry, 1965: July, 530
- Auxiliary personnel, arrangement of equipment for, 1965: July, 326-328
education of, 1966: Nov., 690
in work simplification methods, 1965: July, 269
effective use of, 1965: July, 319-329
evaluation of, 1966: Nov., 696
expansion or limitation of duties, 1966: Nov., 711-717
for recently graduated dentist, 1966: Nov., 667-676
future role of, 1966: March, 97-106
laws concerning use of, 1965: July, 320; Nov., 806; 1966: Nov., 703-710
limitations of duties, historical development, 1966: March, 97
methods of securing, 1966: Nov., 650-652
need for, 1965: July, 308; 1966: Nov., 677
qualifications for, 1966: Nov., 683
responsibilities in recall, bookkeeping, accounting, and collection, 1966: Nov., 647-656
role in patient education, 1965: July, 531
selection of, 1966: Nov., 677-687
symposium, 1966: Nov., 637-738
teaching of, 1966: Nov., 729-738
training of, 1966: Nov., 691
in dental assistants' school, 1966: Nov., 657-666
- Avitaminosis B complex, oral manifestations of, 1965: Nov., 587
- Avitaminosis C, oral manifestations of, 1965: Nov., 587

- Avulsion, of permanent anterior teeth, emergency treatment of, 1965: Nov., 708
- Axial inclinations of teeth, 1964: July, 479-482
- BACTEREMIAS**, ultrasonic instrumentation and, 1964: March, 172
- Bacterial component of dental caries, 1966: July, 282
- Bacterial infection, local, of oral cavity, 1965: Nov., 585
- Balkwill-Bennett movement, influence on articulators, 1964: Nov., 635
- Bands, for primary anterior teeth, stainless steel in, 1966: July, 360
- Bank plans, for financing dental care, 1966: Nov., 639
- Barbiturates, 1964: July, 287; 1965: Nov., 736
allergic reactions to, 1965: Nov., 758
use as premedication, 1965: July, 446
- Bases, for cavity preparation. See *Cements*.
stabilized, for transferring records, 1964: Nov., 623-628
- Bednar's aphthae, in newborn, 1966: July, 423
- Benign soft tissue neoplasms, 1964: July, 326-334
- Bennett movement, 1964: Nov., 635
- Benzalkonium chloride, effects and toxicity, 1965: Nov., 753
- Bezel, in full shoulder preparation, 1965: March, 85
- Bicuspid. See *Premolar*.
- Binocular magnifier, 1965: July, 334
- Biopsy, 1964: July, 334
compared with cytology, 1965: July, 432-434
in oral diagnosis and treatment planning, 1965: July, 429-434
indications for, 1965: July, 429
technique, 1965: July, 430
- Bite guards, 1964: March, 187
- Blast injuries, emergency treatment of, 1965: Nov., 797
- Bleeder, potential, evaluation of patient as, 1965: Nov., 668-671
- Bleeding, arterial, major, emergency management of, 1965: Nov., 791
as complication of local anesthetics, 1965: Nov., 593
classification of, 1965: Nov., 671
time, test for, 1965: Nov., 670
- Blind child, pedodontic care for, 1966: March, 21-34
personality development in, 1966: March, 26
- Blood count, normal test values, 1965: Nov., 670
- dyscrasias, management of, 1965: Nov., 675
- oral manifestations of, 1965: Nov., 588
significance in oral surgery patient, 1964: July, 353
tests for, 1965: Nov., 670
pressure determination, by dentist, 1965: Nov., 554; 1966: March, 95
equipment and technique, 1965: Nov., 773-775
vessels, injuries to, during operative procedures, 1965: Nov., 646
- Bone, 1964: Nov., 568-572
chisels, advantages and disadvantages of, 1965: Nov., 683
considerations in planning oral surgical procedures, 1965: July, 478
contour, gingivectomy and, 1964: March, 45
cysts of jaw region, 1964: July, 305
differences from dentin, 1965: March, 132
exposure in periodontal surgery, 1964: March, 23-36
fibrous dysplasia of, 1964: July, 310
injuries to, during operative procedures, 1965: Nov., 638-641
lesions, in periodontal disease, 1965: March, 121-126
marrow studies, in blood dyscrasias, 1965: Nov., 671
methods of cutting, 1965: Nov., 683
periodontal, regeneration, 1964: March, 135-137
reparability of, 1966: March, 81
wax, use in hemorrhage control, 1965: Nov., 674
- Bookkeeping, responsibility of auxiliaries in, 1966: Nov., 647-656
- Boric acid, effects and toxicity, 1965: Nov., 752
- Brain tumors, symptoms of, 1965: Nov., 575
- Breathholding, in general anesthesia, 1965: Nov., 606
test, for dental patient, 1965: Nov., 555
- Brewer's method of verifying centric relation, 1964: Nov., 604-608
- Bridge(s). See also *Denture*, *partial*, *fixed* and *Crown and bridge*.
quasi-fixed, 1964: March, 198, 206-210
- Brittleness, in dental materials, 1965: March, 151
- Broken needles and instruments, as operative emergency, 1965: Nov., 647

- Bromide(s), 1965: Nov., 738
 Bronchi, as factor in respiratory obstruction, 1965: Nov., 602
 Bronchial asthma, emergency treatment of, 1965: Nov., 716
 Bronchioles, as factor in respiratory obstruction, 1965: Nov., 603
 Bronchospasm, causes and treatment of, 1965: Nov., 604
 Bruxism, 1966: Nov., 631
 bite guards in, 1964: March, 187
 splinting in, 1964: March, 176, 178, 179, 180
 Bruxo-facets, 1966: Nov., 632
 Burn(s), degrees of, 1965: Nov., 798
 estimation of extent of, 1965: Nov., 798
 of oral mucosa, 1965: Nov., 582
 treatment of, 1965: Nov., 799
 Burs, surgical, types and uses of, 1965: Nov., 683
 Business management, role in practice administration, 1966: Nov., 719-727
 Butabarbital, 1964: July, 287
 Butazolidin. See *Phenylbutazone*.
- CABINETS, accessories for, 1965: July, 295
 mobile, for chairside efficiency, 1965: July, 291-301
 storage, efficient arrangement of, 1965: July, 296
 Caffey's disease, in infants, 1966: July, 431
 Calcification, pulpal, 1966: July, 379
 Calcium, dietary, as factor in caries, 1966: July, 293
 Calcium hydroxide, use in pulp capping, 1965: July, 375
 use in pulpotomy, 1965: July, 379; 1966: July, 382-384
 Calculus removal. See also *Scaling and Planing*.
 Camera studies, for efficient practice, 1965: July, 275
 Canine relations, 1964: July, 487
 Canker sores. See *Aphthae*, recurrent.
 Carbazochrome, 1964: July, 295
 Carbohydrate(s), 1964: Nov., 764
 as substrate for bacteria in caries, 1966: July, 283
 cariogenicity of, 1966: July, 293
 Carcinoma, metastatic, 1964: July, 313
 Cardiac arrest, as general anesthetic emergency, 1965: Nov., 610
 Cardiac arrhythmias, as general anesthetic emergency, 1965: Nov., 610
 Cardiac massage, in maxillofacial injuries, 1965: Nov., 660
 Cardiac tamponade, emergency management of, 1965: Nov., 793
 Cardiogenic shock, causes and treatment of, 1965: Nov., 786
 Cardiopulmonary arrest, 1965: Nov., 719-726
 Cardiopulmonary resuscitation, 1965: Nov., 720
 Cardiovascular and other medical emergencies in dental office, 1965: Nov., 711-717
 Cardiovascular diseases, effects on dental treatment, 1965: Nov., 549-553
 Cardiovascular drugs, influence on dental treatment, 1965: Nov., 729
 Cardiovascular emergencies, with general anesthesia, 1965: Nov., 608-611
 Caries activity, tests for, 1966: July, 285-287
 animal, transmissible factor in, 1966: July, 282
 as cause of space loss, 1965: July, 485
 bacterial component of, 1966: July, 282
 Caries, control during orthodontic procedures, 1966: March, 171
 effects of pregnancy, 1965: Nov., 628
 effects of water fluoridation on, 1966: July, 287-289
 effects on dentin, 1965: March, 138
 etiology of, primary factors in, 1966: July, 281-284
 future eradication of, implications to dental practice, 1966: March, 103
 to pedodontic practice, 1966: July, 246
 incidence of, adjacent to different restorative materials, 1965: March, 187
 nutritional factors in, 1966: July, 292-295
 pain in, 1965: Nov., 569
 prevention of, 1966: July, 281-298
 patient education in, 1965: July, 472
 primary mechanism of, 1966: July, 284
 prophylaxis of, fluoride supplements in, 1966: July, 289
 rampant, patient management in, 1966: July, 296
 recurrent, precautionary measures against, 1965: July, 447
 susceptibility, relative, determination of, 1966: July, 287
 Case history taking, as factor in patient education, 1965: July, 333
 Case presentation, 1963: March, 257-270
 in periodontics, 1964: March, 260-266

- Casts, diagnostic, in prosthodontics, 1965: July, 460
- Cast and die materials, comparative advantages of, 1965: March, 216-219
- Casting(s), design, in porcelain fused to metal restorations, 1965: March, 244 investments. See *Investments*.
- procedures, for inlays, 1965: March, 234-239
- for small castings, 1965: March, 225-239
- veneered, distortion of, 1965: March, 247
- wax, for inlays. See *Wax*.
- Cathamycin. See *Tetracycline*.
- Cat scratch disease, 1966: July, 433
- Causalgia, pain in, 1965: Nov., 571
- Cavities, proximo-occlusal, in primary molars, restoration of, 1966: July, 345
- Cavity design, effects on amalgam restorations, 1965: March, 186
- preventive aspects of, 1965: July, 447
- relationship to restorative materials, 1965: March, 149-157
- liners, indications for, 1965: July, 381
- varnishes and bases, 1965: March, 159-168
- walls, adaptability of amalgam restorations, 1965: March, 188
- Cavosurface angle, 1965: March, 156
- Cellulitis, septic, generalized, 1965: Nov., 580
- Cement(s), March, 70-76. See also under specific materials, e.g., *Zinc phosphate cement*.
- and restorative resins, 1965: March, 169-183
- efficient techniques with, 1965: July, 352-354
- for cavity preparation, 1965: March, 166-168
- in luting of crowns and bridges, 1965: March, 70
- indications for, 1965: July, 381
- new, evaluation of, 1965: March, 74
- silicate, disintegration, 1965: March, 179
- manipulative technique, 1965: March, 177
- temporary, classification, 1965: March, 78
- Cementation, final, luting agents for, 1965: March, 71-76
- of crowns and fixed partial dentures, 1965: March, 65-81
- procedures used in, 1965: March, 76-80
- temporary, 1965: March, 76-78
- Cementoma, 1964: July, 309
- Central nervous system emergencies, with general anesthesia, 1965: Nov., 611
- Central pain, diagnosis of, 1965: Nov., 575
- Centric, determination of, for immediate dentures, 1966: March, 203
- Centric check-point pins, 1964: Nov., 604-608
- Centric occlusion, correlation with centric relation, 1964: Nov., 590
- Centric relation, for complete dentures, 1964: Nov., 587-600
- capture and use, 1964: Nov., 594-600, 601-610
- Cephalgia, histamine, diagnosis of, 1965: Nov., 566
- Cephalometer, triaxial, 1966: March, 214
- Cephalometric radiography, in temporomandibular joint dysfunction, 1966: Nov., 567
